

## MECHANIZED TOOLS RANGE

# MECHANIZED TOOLS

CONTRACTOR BOOKLET

TruCare  
**WALL SANDER**  
 SERIES H - 01  
 MRP Rs 9500

Saves more than **50% time** as compared to manual sanding\*

Detachable segment to sand along edges & corners

Internal dust-extraction system

2X Faster

Lesser Dust

Ideal for walls

Weighing just 2.2 kgs, sand for long without much fatigue

Internal dust-extraction system for a clean working environment

Variable speed control 1500 - 2700 rpm

With Full Length LED Light

Detachable segment to sand along edges & corners

On-Site Service

With bright LEDs, you will not miss any surface defects

Detachable segment to sand along edges and corners

Extendable from 1.1m to 1.65m to sand walls as well as ceilings upto 12 ft

Sand with control and precision with variable speed control 6000-13000 rpm

Sanding pad diameter

Variable rpm

**Specifications**

Power Input 750W  
 Voltage 230-240V/50Hz  
 Variable Speed (no-load) 1500-2700 rpm  
 Sanding Pad Diameter 180mm

\*Under test conditions

**WARRANTY**

**6 months**

except consumable

Length extension from 110cm - 165cm

Variable rpm

**Specifications**

Power Input 710W  
 Voltage 230 -240V/ 50Hz  
 Variable Speed (no-load) 6000 - 13000 rpm  
 Sanding Pad Diameter 215 mm

\*Under test conditions

**WARRANTY**

**6 months**

except consumable

Detachable segment to sand along edges and corners

Extendable from 1.1m to 1.65m to sand walls as well as ceilings upto 12 ft

**WALL SANDER**

SERIES L - 02  
 MRP Rs 18000

Ideal for ceilings

Long handle sander also saves **70% time** compared to traditional sanding

Maximum height - 6 feet

TruCare  
**ELECTRIC MIXER**  
 SERIES M - 01  
 MRP Rs 6400

Variable speed control to effectively mix different materials at different loads

High-strength steel paddle for effective mixing

Ideal for putty paint and plaster

Extremely versatile: can be used with putty as well as mortar

Variable Speed for finer blending leading to more coverage & better finish

Mixes 10 kg putty in 7 minutes

Mixing paddle diameter

Variable rpm

**Specifications**

Power Input 1400W  
 Voltage 230-240V/ 50Hz  
 Variable Speed (no-load) 0-700 rpm

**WARRANTY**  
**6 months**  
 except consumable

TruCare  
**ECONOMY MIXER**  
 SERIES M - 02  
 MRP Rs 3200

Variable speed control to effectively mix different materials at different loads

5X Faster

Less Spillage

Ideal for putty paint and plaster

Can work on atleast 100 sites with 1 hr of mixing putty/site

Can also be used as drill chuck

Variable speed - For finer blending and finish

Economy mixer to be used only for upto 15KG

Mixing paddle diameter

Variable rpm

**Specifications**

Power Input 800Watt (1Hp)  
 Voltage 230-240V/ 50Hz  
 Variable Speed (no-load) 0-630 rpm

Eco Mixer -5X faster / Less spillage

**WARRANTY**  
 Economy Mixer No

TruCare  
**LASER  
 DISTANCE  
 METER LITE**  
 SERIES D - 40  
 MRP Rs 4000

Quick and dependable laser measuring

Ideal for measuring distance

Calculate areas, capture room sizes and measure distances in seconds

Highly Accurate: Measures distances 0 to 40 m with an accuracy is  $\pm 1.5\text{mm}$

2 Line clear display for better viewing

Highly Accurate

Color coded moisture scale for better readability

LED indicators for better clarity

Range 6 -30% RH

Calculates Area  $\text{m}^2/\text{ft}^2$  & Volume  $\text{m}^3/\text{ft}^3$

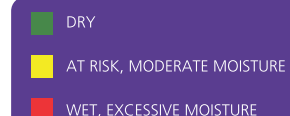

Hand held size

**Specifications**

Range 0.05 to 40 m  
 Measuring accuracy typ.  $\pm 2.0\text{ mm}$   
 Battery type AAA 2 x  $\pm 1.5\text{mm}$   
 Weight (without batteries) 100g

**WARRANTY**  
**1 years**  
 Replacement  
 Warranty

**Colour Code Scale**

**Specifications**

Power Input 9V  
 Display 60 LEDs

**WARRANTY**  
**1 years**  
 Replacement  
 Warranty

Extension probes for difficult to reach area

One additional set of Probes Callibration Check device

TruCare Moisture Meter and Carry Pouch

TruCare  
**MOISTURE  
 METER LITE**  
 SERIES M - 02  
 MRP Rs 7250

Ideal for moisture measurement on walls and wooden surfaces

TruCare  
**WOOD SANDER**  
 MRP Rs 7000

Extremely light weight

Ideal for wooden surfaces

- Scratch free and smooth finish polyester, emporio post sanding with wood sander
- Extremely light weight sand for long without fatigue

- Ideal for horizontal and vertical surfaces faster completion of sanding work
- Variable speed for control and precision

Length extension from 110cm - 165cm

Variable rpm

**Specifications**  
 Wattage 380 Watt  
 Sanding Pad Dia 6inch  
 Weight 1.75 kg  
 RPM 6000 - 13000

**WARRANTY**  
**6 months**  
 except consumable

TruCare  
**PRESSURE WASHER LITE**  
 SERIES P - 04  
 MRP Rs 36000

10 meter high pressure hose included

Ideal for exterior walls, roads and disinfection

- Powerful cleaning with max pressure of 110 bar
- Low wear and tear due to automatic pressure relief system
- Flexibility: vertical and horizontal operation position
- Can be used constantly for 1 hour
- Excellent mobility: carrying handle and light in weight

Self-suction feature

Robust & Reliable

**Specifications**  
 Power Input 2400 V  
 Voltage 230 V Single Phase  
 Max Pressure 110 Bar

\*Input hose needs to be bought separately

**WARRANTY**  
**1 year**  
 on Motor & Pump

# PRESSURE WASHER

PROFESSIONAL  
SERIES P - 02  
MRP Rs 61000

10 meter high pressure hose included

Excellent Mobility

# PRESSURE WASHER

PROFESSIONAL  
SERIES P - 03  
MRP Rs 85000

Ideal for exterior walls, roads and disinfection

Ideal for exterior walls, roads and disinfection

Powerful cleaning with max pressure of 170 bar

Flexibility: vertical and horizontal operation position

Excellent mobility carrying handle an Weight 21.2 Kg

Powerful cleaning with max pressure of 190 bar

Excellent mobility: carrying handle and light in weight 52 kg

Low wear and tear due to automatic pressure relief system

Continuous rated operation 0-1/2 hours. need break of 10 mins after continuous usage

Low wear and tear due to automatic pressure relief system

Can be constantly used for 4-6 hours

Self-suction feature

Robust & Reliable

### Specifications

Power Input 2400 V  
Voltage 230 V Single Phase  
Max Pressure - 170 Bar

\*Input hose needs to be bought separately

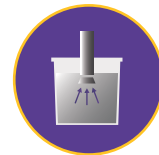

**WARRANTY**

**1 year**  
on Motor & Pump

Robust & Reliable

Self-suction feature

### Specifications

Power Input 2400 V  
Voltage 230 V Single Phase  
Working Pressure: 190 bar  
Flow Rate: 450 - 600 L/h

\*Input hose needs to be bought separately

**WARRANTY**

**1 year**  
on Motor & Pump

TruCare  
**GRACO  
 ULTRA  
 HAND HELD  
 SPRAYER**

Reduction in  
 Painting time  
 by 50%

Unmatched  
 Finish

Increase in  
 Labour  
 productivity

2X Faster

Ideal for interior walls & disinfection

### Applications

 Interiors residential

 Repaint / remodel

 Only for Interior Emulsions

 New small construction

### Product Features

- DC Motor-1 Yrs Warranty
- TRIAX PUMP-Fully reparable

## ROI calculation

Investments	RHS Repainting System
Life of the machine (ltrs)	2500
No of ltrs sprayed per site	50
Coverage for 2 coats per ltr (sq ft)*	95
Total Paintable Area with machine (sq ft)	237645
No of 2 BHK possible through machine (Full Painting System)	50
Machine Cost	50000
Pump Kit Cost ( Pump kit replacement every 900 ltrs) Original + 4 replacements	10000
<b>Total Investment of contractor over Machine Lifetime</b>	<b>60000</b>
<b>Earnings</b>	
Approx Saving Per Site	3886
<b>Approx Saving for 83 sites</b>	<b>199308</b>
<b>ROI</b>	<b>232%</b>

3 coats were sprayed at the site for Spray Painting Challenge. However 2 coats are sufficient even for dark shades.

### LIFE OF THE MACHINE

- The pump kit needs to be replaced after every 500 ltrs
- And the pump Kit can be replaced atleast an additional 4 times (i.e. 5 Pump Kits)
- Therefore the life of the machine is atleast 2500 ltrs

# TEXTURE MIXER (DOUBLE PADDLE)

Ideal for mixing textures

**Over load protection alert  
&  
Brush changing Alert  
&  
Power Indicator**

# ANGLE GRINDER 9901 (750W)

Ideal for cutting walls metal and tiles

used to mix various viscosity materials

Wide handle with iron material, strong enough

Power Cut-Off Protection with overload protection and brush change alert

Decreases 30 and increases productivity

Side handle for easy comfortable use with proper grip

Constant speed function ensures efficient continuous mixing

Electronic switch for infinitely variable speed control

230-240V

1600W

200 - 380rpm  
300 - 750rpm

6.0kg

MRP  
10000

MRP  
3000

# ACCESSORIES PRESSURE WASHER & SANDING PAPER

AVAILABLE IN 80, 150, 240 GRIT

**TRUCARE SHORT  
LANCE, 250 MM**  
MRP Rs 4800

Stainless steel make with manual coupling

Extremely feasible for compact working area, specifically on scaffolding

Less in weight Comfortable for operators

**TRUCARE  
HOSE PIPE,  
10 M**

MRP Rs 8500

Superior quality & unmatched performance as compared to ordinary hose pipes

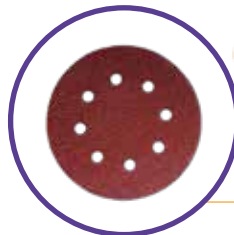

**TRUCARE  
DIRT BLASTER**  
MRP Rs 8100

Reduces cleaning time by 50%

Improves Impact pressure by 10X, against ordinary nozzle

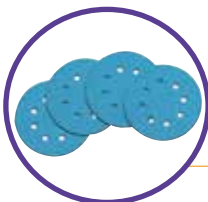

**DIAMETER 7"**

MRP Rs 900

Per Box of 20 pieces

For use with hand-held wall sander

**DIAMETER 6"**

Disks for wood sander

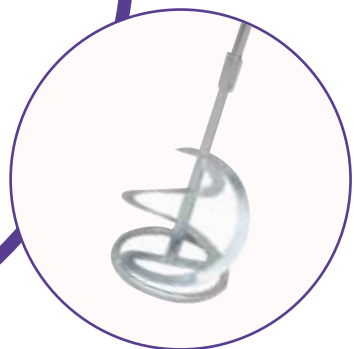

**DIAMETER 9"**

MRP Rs 1000

Per Box of 20 pieces

For use with long handle wall sander

## PADDLE AND SIDE HANDLE FOR MIXERS

## SANDING PAD & VACUUM BAG FOR SANDERS

# TruCare Mechanized Tools Warranty Registration Process

Follow the process below:

Call 1800 209 5678

Share the Model Number, Serial Number,  
BP Number, Name and Date of Purchase

Warranty is raised and is sent to you via SMS

## **Free Sample. Not for Retail Sale.**
