Colour of the Year 2021  
Cherish

Ivy League  
7585

Nurturing, humble and fresh, **Ivy League 7585** restores that sense of balance which we dearly seek. A colour that's neither too warm nor cold, its mint green nudges growth while a hint of blue heals us and revitalises our mood. Ivy League brings our restless mind to a place of hope.

# Simplicity

Colours that are elegant and timeless.

Earth and sand. Dunes and saw dust.  
Cane, Clay or Jute.  
Endurance and Elegance.  
Colours of timeless purity.

**Warm, Cool & Earthy**  
 A bedroom can feel nurturing, meditative or uplifting, depending on what you pick – be it warm neutrals, cool neutrals or earthy tones. Add a texture or use colour-blocking for three different looks.

# Elemental

Lush colours  
for luxurious spaces.

Dense. Absorbing. Midnight Sky.  
Blood-red Rubies. Emerald Greens.  
Mesmerising colours.  
Like a classic beauty.

Absorbing colours add depth to a space. Add texture to the wall, colourful fabrics and potted greens to layer the experience.

## Soothing

Colours that are  
like a smile in the mind.

Soft like Cotton.  
Joyful like Cotton Candy.  
Mellow Marshmallows.  
Romantic colours that make you feel  
like you're floating among the clouds.

**Directing your vision**  
 Spaces like staircases and corridors naturally have lines that direct our vision. Use this to play with complimentary pastels or a texture on one of the walls.

# Vibrant

Colours that make your space warm and joyful.

Spring. Corals. Mustard fields. Abundance and warmth. Passion and energy. Colours that pull us in, like bees to nectar.

**Mixing Reds and Oranges**  
 A space with antique decor can look regal when draped in shades of red and vermillion. Add a punchy colour like Aboli or Jaiphal Dust to balance the intensity or an evocative pattern like Royale Play Disc to enhance it.

**One Room, Many Characters**  
 A room can look like it belongs to a child, an adolescent or an adult, depending on how you treat the walls. Neutral shades and mature textures vs complimentary earthy tones vs bright contrasts can give the same room different characters.

# Paint Care Tips

## Refer Product Info Sheet

Refer product information sheet to know about product details & ensure the product is applied with the right painting system & methodology.

## Before painting, prepare the surface

Ensure that the surface to be painted is free from any loose paint, chalky / powdery particles, dust, chalky or grease.

Any previous growth of fungus, algae or moss to be removed thoroughly before painting by vigorous wire brushing and cleaning with water.

Surface imperfections such as holes, dents, fine cracks are to be filled with crack filler, before painting.

## When not to paint – pay attention to weather conditions

Ensure not to apply paint in extreme temperature or humidity conditions or with poor ventilation. Avoid painting below 10 deg C surface temperature or/and at humidity greater than 90%.

## Using primer, basecoats and additional coats

Ensure that a primer or waterproofing basecoat is used before applying the top coat of paint for desired paint performance.

Ensure that horizontal surfaces like top of windows, ledges and other horizontal surfaces are painted with an additional coat for greater protection.

Apply 2-3 coats of paint till you get the desired hiding or opacity, especially in dark shades.

## Caring for your wall

**Cleaning**  
For the best performance of the paint, ensure proper washing and cleaning of all algal & fungal growth at regular interval of six months.

**Removing Stains**  
For removing household stains of pencil, tea, coffee, crayons, turmeric, sketch pen etc, immediately use mild detergent solution with sponge to clean the stains.
